**CARNEGIE
CONCERT
SERIES**

JOE D'URSO

STORIES BEHIND THE SONGS

"Stories Behind The Songs" originated out of two songwriter series that Joe D'Urso has been involved with over the years. Each series had songwriters talk about what inspired their songs or what led to the writing of the song.

With D'Urso's great love for music, he dug through old music books and the Internet and discovered stories about the songs and their origins. He found fascinating back stories to some of the world's most loved songs. Once he had a good collection of songs and stories, he put them together in an acoustic show and began to present this program, which highlights songs from artists as Gladys Knight, Harry Chapin, The Drifters, Bruce Springsteen and many others.
