

THE NYACK LIBRARY

INVESTMENT POLICY

Adopted by the Board of Trustees June 7, 1993
Amended December 3, 2007; Amended January 11, 2010

The purpose of this policy is to insure that the Library's funds are invested to meet cash flow requirements while yielding maximum return consistent with safety of principal. This policy covers the four general categories of the Library's cash funds and prescribes investment criteria and restrictions applicable to each.

1. The major source of cash is the Nyack School District tax levy, which funds the operations of the Library for the fiscal year. These funds may be initially deposited in the Library's checking or money market accounts. Balances maintained in the checking account are intended to serve day-to-day operational needs. Balances in excess may be deposited in interest bearing municipal (money market) accounts. These balances are insured by FDIC up to \$250,000 in the aggregate (per bank). Amounts deposited in excess of FDIC insurance coverage shall be collateralized by Government securities held by a financial institution under a third party agreement. Amounts over and above the insured deposits may be invested in bank offered cash equivalent funds consisting of a mix of federal agency obligations, or invested in direct obligations of United States Government agencies.
2. Cash received as other income from operations, grants, gifts or bequests, unless otherwise restricted, may be deposited and/or invested as described in Paragraph 1 above. In addition, such amounts may be invested in other marketable high quality investment grade securities.
3. Gifts or bequests received in the form of marketable securities may be held indefinitely, provided they are of high-grade investment quality. Otherwise these securities should be promptly liquidated and reinvested in accordance with Paragraphs 1 and 2 above.
4. Cash from the bonds issued is held by the Trustee, BNY Mellon Bank. The library may direct the Trustee to place these funds in qualified investments in accordance with provisions of the bond indenture agreement. An excerpt from said agreement is attached to and made part of this policy.
5. Specific investment plans may be changed from time to time with the advice and counsel of investment consultants and the Finance Committee. Such plans may include "laddering plans" or the choice of specific vehicles described in paragraph 1-4. Plans for funds in paragraph 1-3 that include maturities greater than one year shall require Board approval.

The Board Treasurer and Library management shall administer the investment policy as outlined above and all such actions shall be reported by the Treasurer to the Board in the course of the Treasurers regular monthly report.

Library management, any Trustee of the Library or any of the Library's investment advisors may make recommendations to the Finance Committee on investment vehicles and/or maturities. The Finance Committee may then propose such recommendations to the Board of Trustees for approval.

This Investment Policy may be modified or amended at any regularly scheduled meeting by a majority vote of the Library Trustees.

THE NYACK LIBRARY INVESTMENT POLICY –for the Debt Service Reserve Fund

Investment of Funds and Accounts. Amounts in any Fund or Account established under the Indenture, other than the Debt Service Reserve Fund, may, if and to the extent then permitted by law, be invested only in Qualified Investments provided that any Qualified Investment shall not have a maturity date greater than five (5) years from the date of the making of such investment unless such Qualified Investment may be put at par at any time at the option of the holder for the purposes required or permitted pursuant to the Indenture. Amounts in the Debt Service Reserve Fund may, if and to the extent then permitted by law, be invested only in Qualified Investments rated in any of the two (2) highest Rating Categories by a Rating Agency; provided, that any such Qualified Investment shall not have a maturity date more than five (5) years from the date of the making of such investment, unless such Qualified Investment may be put at par at any time at the option of the holder for the purposes required or permitted pursuant to the Indenture. Any investment herein authorized is subject to the condition that no portion of the proceeds derived from the sale of the Series 2007 Bonds shall be used, directly or indirectly, in such manner as to cause any 2007 Series Bond to be an "arbitrage bond" within the meaning of Section 148 of the Code. Such investments shall be made by the Trustee only at the specific written request (including telecopy) of an Authorized Representative of the Lessee; and if such investment is to be in one or more certificates of deposit, then such written request shall include written assurance to the effect that such investment complies with the Tax Regulatory Agreement.

From Pages C-9 and C-10
